Extended abstracts including text, figures and references not exceeding 4 pages are to be in MS Word, TNR 12 pt. font, single line spacing. Justified text with paragraph indent at 1,25 cm is typed on pages with 2,0 cm wide margins. Text hyphenation and page numbering is not required. Tables and figures are presented separately. References are numbered consecutively and enclosed into square brackets (e.g. [1]). References are given alphabetically. Formulae are entered in Microsoft Equation format. Figures (in B/W format) and tables are submitted in separate files. Abstracts are electronically sent to the Organizing Committee (az_pal_society@yahoo.com) as attachments and have to have "APS Session" subject. Attached files are named by surname of the first author (e.g. Mamedov.doc., Mamedov_etc.doc). Typical structure of abstract is suggested as: Introduction; Materials and methods; Advances in the field; Results and their discussions; Conclusions; References.
